

We are a movement of women who are uniting to create opportunities for a better life for women and children in Middlesex County. We work to energize and inspire women to make a difference—by advocating for issues important to them and taking leadership roles in advancing the common good.

**WE INVITE YOU TO JOIN US
AND LIVE UNITED.**

Financial resources are vital. It takes women in business, unions, government, civic and social groups and volunteers working together for change. It also takes the support of a special group of individuals who kick off their heels and step up in leadership roles through the United Way Women's Initiative.
